## CHAPTER ONE: THE ORIGINS

1. *Dictionnaire, Supplement* (Paris, an VII [1798]), 775.
2. *Le Neologiste Francois*, quoted in Aulard, *Paris pendant la reaction thermidorienne et sous le Directoire* (Paris, 1902), V, 490. See also F. Brunot, *Histoire de la langue française des origines à 1900* (Paris, 1937), IX, 871.
3. James Murray, *A New English Dictionary on Historical Principles* (Oxford, 1919). It also had a different meaning for a while — an alarmist or scaremonger.
4. Thomas de Quincey, “On Murder Considered as One of the Fine Arts,” in *The English Mail Coach and Other Writings* (Edinburgh, 1862), 52.
5. The main sources are M. Hengel, *Die Zeloten* (Leiden, 1961), 47-51; Cecil Roth, in *Journal of Semitic Studies* (1959), 332-355; S. Kleinfelder, “Sicarius,” in Pauly-Wissowa, *Real Lexicon*; S. G. E. Brandon, *Jesus and the Zealots* (Manchester, 1967), 56-57; Josephus Flavius (Thackeray ed.), 2 vols. (London, 1956); Y. Yadin, *Megilat Bne Or ubne Khoshekh* (Jerusalem, 1957); R. Laqueur, *Der Jüdische Historiker Flavius Josephus* (Giessen, 1920).
6. B. Lewis, *The Assassins* (London, 1967), 47; see also M. G. S. Hodgson, *The Order of Assassins* (The Hague, 1955), and the articles in *Speculum*, 27 (1952), by Lewis and Prawer.
7. Both *sicarii* and Assassins have made a contribution to the terminology of modern terrorist groups. The *Sikarikin* (and the *Biryonim*) were precursors of the “dissident terrorists” in Mandatory Palestine and the term *fida’i* was, of course, adopted by the Palestinian Arab terrorists. Abba Achimeir, a Revisionist ideologist, wrote in a pamphlet on the *sicarii* in the 1930s asserting that they were unknown heroes who chose as victims central figures of the establishment: “... what mattered was not the action but the purpose behind it.” Avraham Stern in one of his poems called Jerusalem “the city of prophets and biryonim” (*ir nevi'im vebiryonim*).
8. The main sources are Sleeman’s writings, and most recently George Bruse, *The Stranglers* (London, 1968), 111.
9. The most recent survey of Chinese secret societies is Jean Chesneaux, ed., *Popular Movements and Secret Societies in China 1840-1950* (Stanford, 1972).
10. On the Mafia in politics see V. Frosini, *Mitologia e sociologia della Mafia* (Milan, 1969); G. C. Maino, *L’opposizione mafiosa 1870-1882* (Palermo, 1964); M. Pantalone, *The Mafia and Politics* (New York, 1966).

12. Pamiatnaya Knizhka Sotsialista —Revolutsionera (Paris, 1914), 8 et seq. These figures do not include terrorist operations carried out by other political groups, but they accurately reflect the general trend.
13. St. Christowe, *Heroes and Assassins* (New York, 1935), 50 et seq. There is no history of the IMRO, but see D. Kosev, *Istorija na makedonskoto natsionalno-revoliutsonno dvizhenie* (Sofia, 1954), and *Makedonia, minalo i novi borbi* (Sofia, 1932).
14. On the terrorist operations among Polish socialists see T. Jablonski, *Zarys Historii PPS* (Warsaw, 1946), and Kwapinski, *Organisacia Bojowa* (London, 1943); also Georg W. Strobel, *Die Partei Rosa Luxemburgs* (Wiesbaden, 1974), 288-294; for a local survey on Lodz, where terrorist operations were very frequent, *Zrodia do dziejow rewolucii 1905-1907 w okregu lodzkim* (Warsaw, 1957), *passim*. For the history of Indian terrorism see Nirajan Sen, *Bengal's Forgotten Warriors* (Bombay, 1945); B. Hardass, *Armed Struggle for Freedom* (Poona, 1958); H. Mukerjee, *India's Struggle for Freedom*, 3 vols. (Bombay, 1962), and other literature quoted below.

17. For an excellent bibliography on Spanish anarchism see J. Romeo Maura, "The Spanish Case," in David E. Apter and James Joll, *Anarchism Today* (London, 1971). The most important recent studies are those by John Brademas and Gerald H. Meaker; see below.

22. Abdel Fatah Ismail, "How We Liberated Aden," in *Gulf Studies* (April 1976), 9.
23. Urban terrorism had in fact played a part of some significance in Castro's campaigns, but its importance has always been played down in official Cuban historiography.

## CHAPTER TWO: THE PHILOSOPHY OF THE BOMB

1. For a recent summary of ancient and medieval writings on tyrannicide, see Roland Mousnier, *L'Assassinat d'Henri IV* (Paris, 1964), 47-90. Oliver Lutaud traces the discussions on tyrannicide throughout the seventeenth and eighteenth centuries, *Des revolution d'Angleterre a la revolution Francaise* (The Hague, 1973).

14. *Garantien der Harmonie und Freiheit* (Hamburg, 1849), 221, 225, 236.
15. The article was first published in the monthly *Die Evolution* in Biel, Switzerland. See C. F. Wittke's Heinzen biography, *Against the Current* (Chicago, 1945), 74-75. The article was reprinted many times, for instance in Most's *Die Freiheit*, about which more below. As a result of yet another publication, after the assassination of President McKinley, Most got a year's prison sentence on Blackwell's Island, even though Most's attorney, Morris Hillquit, drew the attention of the court to the fact that the author of the article had been dead for a long time and that, in any case, it had been directed against European kings, not American presidents. In actual fact, Most's article was a paraphrase on the Heinzen essay, not a reprint.
16. *Perezhitoie i Peredumannoe* (Berlin, 1923).
17. E. H. Carr, *Michael Bakunin* (London, 1961), 128.
18. Quoted from a pamphlet published in Geneva in 1869. The theme also occurred in Bakunin's letters to his friends and it appears in M. Confino's and Arthur Lehning's recent studies.
19. M. Bakunin, *Sobranie sochinenii i pisem* (Moscow, 1935), IV, 172-173.
20. Originally published in *Pravitelstvenni Vestnik*, July 1871, it has been translated and republished, usually incomplete, many times since. It is quoted here from M. Confino, *Violence dans la violence* (Paris, 1973), 97 *et seq.*

32. Nikolai Morozov, *Terroristicheskaya Borba* (London, 1880); Romanenko's pamphlet was published under the pen name V. Tarnowski — *Terrorism i rutina* — in Geneva in the same year. Articles in favor of terrorism had appeared in the Russian emigre press even before, notably by Kaspar Turski in Tkachev's *Nabat*. But Tkachev was a Blanquist who would not accept a single-minded concentration on terrorist acts.

## CHAPTER FIVE: TERRORISM TODAY

1. Alex Schubert, *Stadtguerrilla* (Berlin, 1974), 3-22.
2. Of 161 Palestinian terrorists arrested between 1968 and 1973 for acts of terror in third countries, all but two of those who had actually committed murder were set free. Paraguay was the one exception: it imposed a three-year prison sentence on two Palestinians who had killed the wife of an Israeli diplomat. *Times* (London), July 5, 1976. According to other statistics 267 individuals who had engaged in multinational terrorism were arrested between 1970 and 1975. Of these 39 were released without punishment, 58 escaped by getting safe conduct to another country, 16 were freed from confinement on the demand of fellow terrorists, 50 were released after serving their sentence, and 104 were still in jail in September 1975. The average sentence meted out to terrorists who actually stood trial was eighteen months. *International and Transnational Terrorism, Diagnosis and Prognosis* (Washington 1976), 22-23.

4. For a short summary of Latin American guerrilla doctrine in the early 1960s and bibliographical references see Laqueur, *Guerrilla* (Boston, 1976), chapter 8.
5. The literature on the subject is so large that a stage has been reached in which bibliographies of bibliographies are needed. See A. Thomas Ferguson's valuable essay in Sam C. Sarkesian, ed., *Revolutionary Guerrilla Warfare* (Chicago, 1975), 617-623. To this the following two bibliographies should be added: Russell, Miller and Hildner, "The Urban Guerrilla in Latin America," *Latin American Research Review* (Spring 1974); *Bibliografia: Guerra Revolucionaria y Subversion en el Continente* (Washington, 1973).
6. The literature on the Tupamaros is vast. Among the most important the following should be mentioned: *Actas Tupamaros* (Buenos Aires, 1971); M. E. Gilio, *The Tupamaro Guerrillas* (New York, 1970); A. Mercader and J. de Vera, *Tupamaros, Estrategia y Action* (Montevideo, 1969); A. Porzecanski, *Uruguay's Tupamaros* (New York, 1973); Alain Labrousse, *The Tupamaros* (London, 1973); *Generals and Tupamaros*, Latin American Review of Books (London, 1974); Regis Debray, *La Critique des armes*, vol. i (Paris, 1974); Major Carlos Wilson, *The Tupamaros* (Boston, 1974); Ernesto Mayans, ed., *Tupamaros, Antologia documental* (Cuenavaca, 1971); as well as a source book, J. Kohl and J. Litt, eds., *Urban Guerrilla Warfare in Latin America* (Cambridge, Mass., 1974).

- macht der Guerilla* (Munich, 1974). On the early phase, the articles by Hector Suarez in *Granma*, Havana, should be mentioned, December 13 and 27, 1970, January 3 and 17, 1971, and in *Punto Final*, 122-125. The main sources are *Punto Final* (Chile under Allende), *Tricontinental Bulletin*, *Bohemia* and *Granma* (Havana), *Prensa Latino*, *Latin America*. The Montoneros published a (legal) newspaper, *La Causa Peronista*, which was shut down in 1974; the ERP issued various illegal newsheets such as *Estrella Roja*, *El Combatiente*, *Liberacion*. On the ERP: *Resoluciones del V Congreso y de los comite central y comite ejecutivo posteriores*.   14. Altogether there were 153 such "third-country operations" between 1967-1975; the record number was in 1973 (50), falling to 7 in 1975. In these operations 210 individuals were killed, 80 percent of them were citizens of countries other than Israel. Sixteen countries were affected altogether. In the same period of nine years 2,670 Arabs and 502 Jews were killed in clashes in Israel or on its borders; the highest number of Jewish victims was in 1969-1970, after which there was a steady decline in the number of both Arabs and Jews killed, simply because there were far fewer such operations.

See for instance *Trotskyite Terrorist International*, Hearings before the Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws. Committee on the Judiciary, United States Senate Ninety-fourth Congress, July 24, 1975. These documents are of value to students of the byways of the extreme left but they create a mistaken impression inasmuch as there were forces at work infinitely more powerful than the "United Secretariat."

38. Literature on the United Red Army and other Japanese terrorist groups is not available in languages other than Japanese. On its origins see Takashi Tachibara, *Chukaku us kakumaru*, 2 vols. (Tokyo, 1975); on its ideology, the symposium *Uchi Geba no Ronri* (*The logic of the inner struggle*, Geba = Gewalt) (Tokyo, 1974); of particular interest are the essays on the aesthetics of assassination (57 *et seq.*) the philosophy of murder (77) and the philosophy of hatred (147); a docu-

- mentary record is *Sekigun* by the Sasho Henshu committee, Tokyo, 1975, with a detailed bibliography (361-484).
39. Literature on Weatherman and Black Panther party is abundant: *Prairie Fire* (n.p., 1974); Harold Jacobs, ed., *Weatherman* (Berkeley, 1970); J. Raskin, ed., *The Weather Eye* (New York, 1974); Kirkpatrick Sale, *S.D.S.* (New York, 1974); as well as *Liberation News Service*, *The Guardian*, *The Berkeley Barb* and congressional publications such as *The Weatherman Underground*, January 1975.   44. The following two examples should suffice: according to an unnamed Israeli source, quoted in Brian Jenkins, *International Terrorism*, the total cost in men and money to Israel in combatting Arab terrorism between 1967 and 1972 was forty times that of the Six Days' War in 1967. But the war of 1967 cost Israel at least a billion dollars; multiplied by forty this adds up to a sum exceeding the total Israeli GNP during the period. American observers noted with considerable alarm that \$40 million had to be spent in 1976 to protect American diplomatic personnel all over the globe. But this is considerably less than the projected cost of a single B-1 bomber.

14. Even in dictatorships, attempted assassinations by individuals have been far more difficult to detect than those undertaken by groups. It should be recalled that the attempt against Hitler's life which came nearest to success prior to the conspiracy of 1944 was made by Georg Elser, a carpenter, who put the bomb in the Munich *Hofbrauhaus* in November 1939. He acted entirely on his own and, in all probability, would never have been caught but for the foolish attempt to cross the border into Switzerland.
